

SOP 28-21CW December 2021

Parking Lot Safety Policy Statement

Carwash808 Express is committed to the safety and health of all its employees, customers, and the general public. The Parking Lot presents one of the highest levels of danger for employees and customers and requires the highest level of attention. It is the responsibility of ALL employees to be aware of the dangers and do everything possible to protect everyone in the parking lot.

- SAFETY is not an option but an absolute requirement to be exercised by each member of the team.
- Employees are to ALWAYS wear reflective safety vests in the parking lot.
- One parking lot attendant is always required to ensure the safety of our customers. When adequately staffed two attendants will be required at Kapolei.
- Always be aware of vehicles pulling in and out of vacuum stalls.
- Greater attention is required in the presence of children. Adults can be severely distracted vacuuming their vehicle and will lose sight of the children. It is our responsibility to inform the adults the dangers that are present and politely ask to always supervise children and suggest that children remain in the vehicle.
- If repeated attempts are made and children are not being supervised by the adult the customer will be asked to leave.
- At Kapolei the stalls are designed to be front facing and vehicles will not be permitted to reverse into the stall. Reversing into stalls increase the risk of an individual being hit by a vehicle. Inform customers vacuum hoses are long enough to reach the rear of the vehicle.
- At Waipio Gentry the lot attendant must be aware of their surroundings as vehicles are allowed to reverse into stalls.
- Monitors in the office and flight deck are configured to view areas of the parking lot to assist with monitoring the parking lot.
- Smoking is NOT allowed anywhere on the property including the vacuum area.
- Skateboarding, roller skating, bicycling, horseplay, loitering etc. is not permitted.

It is your responsibility to perform your duties in accordance with our written policies and in keeping with the Health and Safety Manual. These safety precautions should be observed, but it is not limited to take the place of “common sense.” Your strict attention to detail and your professional attitude will keep CarWash808 Express a safe and enjoyable place to work and keep our customers coming back.
